EXPERIENCE

2002 - PRESENT

HARRINGTON CONSTRUCTION CO., INC., Rancho Cucamonga, CA

Vice President of general contracting company which specializes in public works, commercial building and insurance reconstruction/completion projects. Forensic construction consultant to insurance companies, attorneys, architects, public and private owners in construction defects litigation. Perform expert services including cost-to-repair estimates, claims analysis, and field inspections to determine compliance with building codes, industry standards and custom and practice. Prepare detailed analysis and reports of conditions observed; develop complex matrices and repair scopes for use in cost estimations; prepare photographic evidence with supporting documentation of site conditions; support co-experts and attorneys in construction mediations, arbitrations and litigation.
